Omnidirectional

SPEAKER PHONE

360°

Pickup range
6M & 360°

Echo length
≥500ms

Power Supply
AC100-240V, 50-60HZ, 12W

Technical Specifications

- Anti-fouling and flame-retardant, IP7 waterproof coating, which can effectively prevent water splashing.
- Built-in 4-microphone array structure, 360-degree omnidirectional pickup, Pickup radius of 6 meters, supports 50 sqm. Meeting rooms.
- Full-duplex deep echo cancellation, with more than 65 DB. Echo cancellation length ≥ 500ms
- 48k wide band voice call HD technology
- Intelligent mixing, dynamic noise suppression
- Automatic direction finding technology, automatic gain technology.
- It has a Line In, 3.5mm analog interface to connect a mobile phone, video conference terminal and other devices that do not support USB.
- The speaker system adopts a multi-core digital unit and has volume Upto 85dB 16-level speaker volume digital adjustment.

EXPANSION UNIT WITH DAISY CHAIN

- Add a multiple expansion units upto 6 for larger conference rooms and venues, group discussions
- It has the same speaker system and microphone as in the main unit.
- All work in a conference environment at the same time, which enhances the usage environment of the conference venue and the number of participants.
- The speakers and microphones of the main unit and the expansion units are completely synchronized and can be controlled at the same time.
- It greatly optimizes the sound pickup and playback capabilities of the omnidirectional microphone, and brings a better experience.

Technical Specifications

Acoustic echo cancellation (AEC)	Full-duplex echo cancellation depth 65dB
Echo length	≥500ms
Two -way noise compression (NC)	Noise compression below 25dB
Automatic Direction finding technology of intelligent microphone (EMI)	Yes
Automatic gain control technology (AGC)	Yes
Microphone Frequency Response	100HZ-22KHZ
Speaker Frequency Response	100HZ-22KHZ
Pickup range	6M & 360°
Speaker volume	Maximum: 85dB
Main Microphone	Line In/Out with 3.5mm audio in/out interface
	RJ45 Network Port to connect extended microphone
	USB Interface Type B audio in/out interface
	Power switch Long press 3S to open the device
	4 Microphones
	15 Watt Speaker
	Volume button Decrease/Increase Volume
	Bluetooth button Turn On/Off Bluetooth
	Off/On hook button to enter or exit calling. Status when there is a skype for business call.
	Microphone mute button to Turn On/Off microphone
Bluetooth	Yes
Built-in battery USB	Built-in 5200mA battery, working duration more than 8 hours. Standby time 90 days Same USB port for PC/Laptop connectivity and Power
Expansion Microphone	RJ45 network port to connect with main microphone and for power too
	4 Microphones
	15 Watt Speaker
	Microphone mute button to Turn On/Off microphone
Reverberation time	<0.5 second
Noise level	<-48dBA
System	Windows/Android/iOS/Linux
Power Supply	AC100-240V, 50-60HZ, 12W
Operating temperature	0°C-50°C (Operating statue)
Humidity	20%-85%
Certificates	CE, FCC
Dimension	152mm*152mm*38mm
Standard accessories	USB cable/Cascade cable/Instruction manual/warranty card
Optional accessories	Bluetooth Adaptor
